

Minnesota Statute 471.701 requires cities or counties with a population of more than 15,000 people to annually publish the position titles and base salaries of their three highest paid employees (does not include Elected Officials). Such notice may be published on the organization's website for a period of not less than 90 consecutive days. For Sibley County, the three highest paid positions as of January 1, 2017 are:

County Administrator - \$109,283.20

Public Health & Human Services Director - \$108,929.60

Public Works Director - \$ 100,839.65
